EDUCATION :

KIT-Kalaignarkaranidhi Institute of Technology - Coimbatore , India	2023 – 2027
B.E - Electrical and Electronics Engineering , Final year	Current CGPA: 7.31

EXPERIENCE :

INPLANT TRAINING –IND control (p) LTD. - Coimbatore	Oct-Dec 2024
The company produces low voltage panel boards, and during my training I gained hands-on experience and learned directly from the engineers, which made me proud to grow as a learner.	
INTERNSHIP TRAINING -PINNACLE lithium power - Coimbatore	May-2025
This company manufactures LiFePO4 and NMC type of batteries. Here I have designed a sample 12V 36Ah LiFePO4 battery for the company	

PROJECTS :

RC Electric car	July 2025
Designed and built a fully handmade RC electric car from scratch, gaining hands-on experience in motor control, wiring, and power management	
IoT - Based Real Time Stray voltage detection and preventive maintainance	Nov 2025
The Project RSDPM is made to find and stop stray voltage. Stray Voltage means unwanted electricity that appears on metal parts of electrical system because of damaged wires, poor grounding, or current leakage. If not noticed, it can give electric shocks, damage machines, and waste energy. In the old method, people use hand tools like multi-meters are used to check the voltage. This is slow takes more effort, and cannot check all the time, so many faults remain hidden until accidents happens.	

TECHNICAL SKILLS :

- ➔ **PROGRAMMING LANGUAGE:** Java , C ,Python.
- ➔ **WEB TECHNOLOGIES:** HTML , CSS.
- ➔ **DATABASE :** Structured Query Language(SQL).
- ➔ **TOOLS & PLATFORM :** IntelliJ (For Java) , GitHub.
- ➔ **DESIGN PLATFORM :** Cirkuit Designer.
- ➔ **SOFTWARE:** MATLAB , Proteus.

CERTIFICATIONS :

- **NPTEL** – Augmenting Design Thinking with Human-Computer Interaction.
- **INFOSYS SPRINGBOARD** – C Programming, Programming in C.
- **COURSERA** – Sensors and Sensor Circuit Design, IoT Devices, Motors and Motor Control Circuits.
- **COURSERA** – Build a Free Website with WordPress

ACHIEVEMENTS & VOLUNTEERING :

- 1st Price - Paper presentation - TECHFINIX'24.
- Consolation price In Nehru college - IDEATRIX'24.
- Completed 10 days training program on **Application Driven Electronics and Embbeded Technology with IoT** aligned to **NCrF level 4.5**, provided by **IITM Pravartak**, on **Swayam plus** between **04th march 2025 to 14th march 2025**.
